

NAVAIR's Process Asset Library (PAL) for Software and Systems Process Assets

Prepared for SSTC Conference
20-24 April 2009

Approved for Public Release by NAVAIR Public Affairs Office 16 MAR 2009

Topics

- Purpose
- Design
- PAL Organization
- How do you use it?
- What are the benefits?

Purpose

Purpose

The purpose of the NAVAIR PAL is

- To improve NAVAIR process capabilities through sharing and reuse of process assets (Checklist, Example, Form, Guidance, Policy, Process, Standard, Template, Training, etc.)
- To save time and money in process development across the Enterprise

Design

Design Philosophy₁

Take advantage of the MyNAVAIR Corporate website built-in capabilities

- Announcements for events, policy, and training link
- Discussions for improvement forums, problem reporting, and communications with users
- Documents area to browse/search for assets, download and submit assets with special upload area for process submission

Design Philosophy₂

- ❑ Any NAVAIR team member can access
- ❑ Use Excel spreadsheet and built in search capability to locate assets
- ❑ Link to other government PALs rather than duplicating assets
- ❑ Group assets according to Capability Maturity Model Integrated (CMMI®) Process Area and asset type

PAL Organization

PAL Organization

- ❑ Assets stored alphabetically in All Assets folder (Documents tab)
- ❑ Shortcuts to assets grouped by
 - Functional Area (Acquisition, Engineering, Project Mgmt, Process Mgmt, and Support) and CMMI® Process Area
 - Type of asset (Checklist, Example, Form, Guidance, Policy, Process, Standard, Template, and Training)
- ❑ Announcements and Discussion Groups

How do you use it?

Choose NAVAIR PAL Project

The screenshot displays the MyNAVAIR web application interface. The top navigation bar includes links for My Home, My Pages, My Communities, MyNavair, Ready Room, Technical Library, Security Awareness, and Administration. The user is logged in as 'cac\judy.overhauser-duett'. The main content area is divided into several sections:

- Community Projects:** A list of projects with columns for Project Name and Status. The 'NAVAIR PAL' project is highlighted with a red circle and shows a 50% completion status. Other projects include 'NASA PAL WG' (75%), 'ReadyTalk Scheduling' (0%), and 'SPI CoP' (0%).
- Community Announcements:** A section for announcements, currently showing 'No Rows'.
- Community Calendar:** A calendar view for February 2009. It shows events for 'RT NPWG Judy O-' on the 5th and 19th. The date 25th is highlighted.
- Community Documents:** A section for document management, including an 'Upload' button and a table with columns for Name, Project, Date Modified, and Checked In By.

Who are the PAL Users?

There are three levels of PAL users:

1. General User

- Can read / download all PAL assets
- Can submit assets for PAL inclusion
- Can post / reply to discussion threads

2. Gatekeeper

- Processes/ loads assets into the PAL
- Responds to PAL issues in the discussion threads

3. Administrator

- Responds to user PAL problems
- Grants access to new gatekeepers / administrators

Things General User Can Do

- The general user can
 - Learn about upcoming process improvement activities and events
 - Browse/ Search for Assets
 - Download process assets
 - Submit new process assets to the PAL
 - Use discussions to report PAL Problems/ communicate with others on process improvement topics

to CIO wow

PI Topics : Pilot test of including links in discussions
Posted by cad\valerie.nutter on 9/23/08 7:17 PM
WOW! This is pretty cool. Here is a link of one of my favorite sites. <http://www.refdesk.com/>

Go to Discussions

The Documents tab takes us to the main PAL contents

Browse/Search

Four ways to locate (search for) assets:

- Browsing the All Assets folder
- Navigating folder structures by Functional Area and Asset Type
- Using the Process Asset Index (PAI) to locate an asset via standard MS Excel Auto Filter and Sort functionality
- Using MyNAVAIR searches on pre-defined keywords

Browsing All Assets Folder

Search using the Process Asset Index ₁

The screenshot shows the NAVAIR PAL interface. The top navigation bar includes 'Project Administration', 'Help', and a 'Project Search' field. Below this, the 'Documents' tab is active, showing a toolbar with 'New', 'Upload', 'Edit', 'WebEdit', 'Publish', and 'QuickLinks'. A left-hand navigation pane lists folders: 'All Assets', 'Assets By Functional Area', 'Assets By Type', 'PAL Administration and Gatekeeping', and 'Submit Process Asset'. The main content area displays a table of documents with columns for 'Name', 'Date Modified', 'Checked In By', and 'Checked Out By'. The file 'Process Asset Index 20080806.xls' is highlighted with a red circle.

	Name	Date Modified	Checked In By	Checked Out By

Search using Keywords

The screenshot shows the NAVAIR PAL web application interface. At the top right, there is a search bar labeled "Project Search:" containing the text "PPQA and Process". This search bar is circled in red. Below the search bar, there are navigation tabs for "Overview", "Documents", and "Discussions". A toolbar contains icons for "New", "Upload", "Edit", "WebEdit", "Publish", and "QuickLinks". On the left side, there is a navigation tree with folders like "All Assets", "Assets By Functional Area", "Assets By Type", "PAL Administration and Gatekeeping", and "Submit Process Asset". The main content area displays a table of assets with columns for "Name", "Date Modified", "Checked In By", and "Checked Out By". The table lists several folders and documents, including "About The NAVAIR PAL.doc", "NAVAIR PAL Training.doc", and "Process Asset Index 20080806.xls". A yellow callout box with a scroll effect is overlaid on the table, containing the text: "Use pre-defined keywords (CMMI Process Area, asset type, etc.) to search".

Collaborate on New PI Topics

The screenshot displays the NAVAIR PAL web application interface. At the top, there is a navigation bar with 'Project Administration' and 'Help' on the left, and a 'Project Search' field on the right. Below this, the 'NAVAIR PAL' header is visible. The main navigation tabs include 'Overview', 'Documents', and 'Discussions', with 'Discussions' being the active tab. A red circle highlights the 'New' button in the 'Discussions' toolbar. Another red circle highlights the 'PI Topics' link in the left-hand navigation pane. A modal dialog box titled 'Start New Message' is open in the foreground, showing a form with a 'Subject' field (containing 'Subject of New Message') and a 'Message Body' text area (containing 'Exciting PI Topic many people will want to discuss...'). The dialog box also features a rich text editor toolbar and 'Finish' and 'Cancel' buttons. In the background, a table with columns 'Replies' and 'Date Modified' is partially visible, showing three rows of data.

From the Discussions tab, click **PI Topics**. Choose **New**, then **Message**

Collaborate on Existing PI Topics

The screenshot shows the NAVAIR PAL interface. At the top, there is a 'Project Administration' header with a 'Help' icon and a 'Project Search' field. Below this is the 'NAVAIR PAL' title and a 'Choose Project' dropdown menu. The main navigation bar includes 'Overview', 'Documents', and 'Discussions' tabs. Under 'Discussions', there are buttons for 'New', 'Reply', and 'Edit'. The 'Reply' button is circled in red. Below the navigation bar is a sidebar with 'NAVAIR PAL', 'PI Topics', and 'Report Problems' links. The main content area displays a list of discussion topics. The first topic, 'Risk Analysis Issue', is highlighted in yellow and has a checkbox next to it, which is also circled in red. The table below shows the details of the topics:

Subject	Created By	Replies	Date Modified
<input checked="" type="checkbox"/> Risk Analysis Issue Are there special tools out there for doing risk analysis?	cac/richard.epstein	0	8/4/08 1:30 PM
<input type="checkbox"/> Estimating Tool Does anyone have a simple estimating tool I could reuse?	Susan_Byrnes	3	8/4/08 12:10 PM
<input type="checkbox"/> re: Estimating Tool I replied to this message, but I didn't get an e-mail	Susan_Byrnes		7/31/08 2:40 PM
<input type="checkbox"/> re: Estimating Tool This is a reply to your reply regarding an e-mail message. I didn't get a message either, at least not yet. Is there a way to cut and paste some text into this discussion board?	cac/richard.epstein		8/4/08 12:10 PM
<input type="checkbox"/> re: Estimating Tool NAVAIR has a cost analysis division (code 4.2) that has tools for cost estimating.	cac/richard.epstein		8/4/08 12:03 PM
<input type="checkbox"/> SETR checklists I can't find the link to the SETR spreadsheets can someone help me out?	Susan_Byrnes	0	7/31/08 2:37 PM

Select the topic and click **Reply**

Report Problems

The screenshot displays the NAVAIR PAL web application interface. At the top, there is a navigation bar with 'Project Administration' and 'Help' on the left, and 'Project Search:' with a search icon and 'Close' button on the right. Below this is the 'NAVAIR PAL' header. The main navigation tabs are 'Overview', 'Documents', and 'Discussions'. Under the 'Discussions' tab, there is a toolbar with options: 'New', 'Reply', 'Edit', 'QuickLinks', 'Export Discussion', 'Approve', and 'Reject'. On the left sidebar, under 'NAVAIR PAL', there are links for 'Topics' and 'Report Problems', with 'Report Problems' circled in red. The main content area shows a 'Start New Message' form with fields for 'Subject' (containing 'Summary of the problem or issue') and 'Message Body' (containing 'Description of what's not working.'). A 'Finish' button is visible. On the right, there is a table of replies:

Replies	Date Modified
1	5/8/08 5:12 PM
0	5/1/08 2:46 PM
0	5/1/08 12:55 PM

Below the table, there is another table header: 'Items 1 to 3 (of 3)'.

From the Discussions tab, click **Report Problems**.
Choose **New**, then **Message**

What are the benefits?

Benefits

- ❑ Build on mature processes
- ❑ Save time and money
- ❑ Standardization across Enterprise

Questions
